completing Bluetooth[™] installation

before using this guide...

Verify that you have done the following:

- installed the hp deskjet 995c series software
- set up the printer
- installed a 3Com Bluetooth PC card in your laptop

open the 3Com Bluetooth Connection Manager

1. Click Start > Programs > 3Com Mobile > Bluetooth Connection Manager.

The Bluetooth Connection Manager opens.

open the Bluetooth COM Ports box

3. Note the 3Com Bluetooth Serial Client COM port.

In this example the COM port is COM4

Step 3 of 9

open the printers folder

4. Click Start > Settings > Printers.

The Printers folder opens.

open the printer properties dialog box

5. In the Printers dialog box, click the hp deskjet 995c printer icon, then click File > Properties to display the Printer Properties dialog box.

Step 5 of 9

click the ports tab

7. Select the Bluetooth wireless COM port that you noted in step 3.

In this example, the Bluetooth wireless COM port is COM4. The port may be different on your computer.

Be sure to select the COM port noted in step 3.

Step 7 of 9

close the properties dialog box

8. Click **Apply**, then click **OK** to close the Printer Properties dialog box.

congratulations—installation complete

9. Test the printer's Bluetooth wireless printing feature by printing a small document.

For printing instructions, go to HP's Bluetooth wireless printing Website, then download the document *Bluetooth wireless printing: hp deskjet 995c series printer*.

Return to HP's Bluetooth wireless printing Website

Step 9 of **9**
