1. Turn on your PC
   - b. Close any open programs, including virus-checking programs.

2. Install the software first
   - a. Insert the HP PSC software CD.
   - b. Follow the onscreen instructions.

3. Attach the cover
   - a. Insert the two bottom tabs of the cover into the slots on the unit.
   - b. Tilt the cover down and press firmly. Make sure the tabs lock into place and the cover is even with the device.

4. Remove output tray and load paper
   - a. Use blank white paper to prepare for print alignment.

5. Connect the power cord and USB cable
   - a. Do not connect the USB cable until you see the screen in Step 2. Do not connect the USB cable to a keyboard or non-powered hub.
   - b. Turn on your HP PSC.

6. Turn on your HP PSC
   - a. Turn power On and wait for display prompt.

7. Insert and align the print cartridges
   - a. Hold the black print cartridge with the label on top as shown. Slide the cartridge into the right (gray latch) side of the print carriage.
   - b. Hold the color print cartridge with the label on top as shown. Slide the cartridge into the left (blue latch) side of the print cartridge.

8. Finish software setup
   - a. Press Enter on the front panel to begin alignment. After a page prints, alignment is complete. Discard or recycle this page.

9. Try your new HP PSC
   - a. Congratulations! You are now ready to use the HP PSC. Double-click the Director icon to get started.

Windows users: Follow the steps in order. Do not connect the USB cable until instructed to do so.

See your box for exact contents and system requirements.
Macintosh® OS 9, OS X

Macintosh setup poster
hp psc 2170 series all-in-one
