

# 1 Connect to A/V Receiver and TV (Color Coded Cables)

- 1 Connect the **Stereo Cable** to the Compaq iPAQ™ Music Center audio output and to an available audio input on your A/V receiver\* such as CD, tape or auxiliary.
- 2 Connect the **Composite Video Cable** to the iPAQ Music Center video output and to an available video input on your television.\*
- 3 Connect the **Power Cable** to the iPAQ Music Center and to a power outlet.

\*For best audio performance, use S/PDIF digital audio connections (either optical or coaxial) instead of analog stereo. For best video performance, use S-Video connections instead of composite video where possible. **Digital and S-Video Cables are not included.** For more information about other possible connections, see Chapter 2 in your *Getting Started* guide.

# 2 Internet Connection

## Using the Built-In Modem

- 1 Connect the **Telephone Cable** to the modem jack.
  - 2 Connect the other end to a telephone wall jack.\*
- Note:** If a telephone wall jack is not conveniently located near your Music Center, you may consider using a wireless telephone jack system.

or

## HPNA Setup

- 1 Connect the **Telephone Cable** (with a minimum length of 6 feet) to the HPNA network jack on the iPAQ Music Center.
- 2 Connect the other end to a telephone wall jack.\*

\*Use the included telephone splitter if you also want to use a telephone at this location.

# 3 Power On

- 1 When the LED turns solid red, press the power button on the front of your iPAQ Music Center.
- 2 Turn on your A/V receiver and select the proper input mode, such as CD, tape or auxiliary.
- 3 Select the video input on your television that matches the input you used when connecting the iPAQ Music Center.

# 4 Welcome!

Once you've selected the correct input on your television, the Welcome screen will be displayed. In just a few moments, you will be able to start enjoying your iPAQ Music Center.

# Remote Control Functions 5 for Setup

\*Requires programming. See Chapter 3 of your *Getting Started* guide for complete information on using your remote.

Installing the batteries:  
Remote control uses 2 AA batteries
