# Start Here

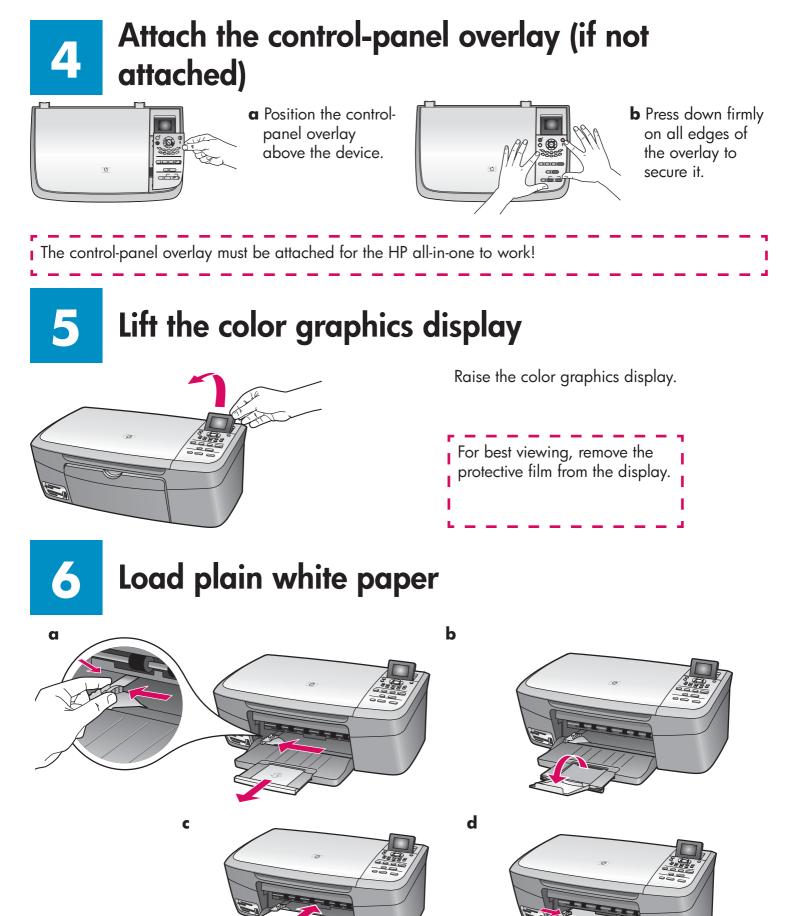

If you have problems during setup, see **Troubleshooting** in the last section.

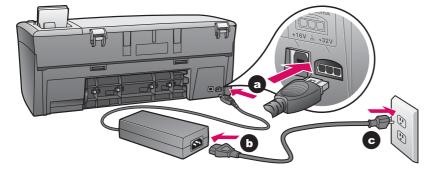

The contents of your box may differ.

2 • HP all-in-one

8

### Press the On button and configure

- **a** After you press the **On** button, the green light flashes, and then becomes solid. This may take up to a minute.
- **b** Wait for the print cartridge prompt before continuing.

### Open access door

Lift the access door until it stops.

### Remove tape from both cartridges

Pull the pink tab to remove the tape from **both** print cartridges.

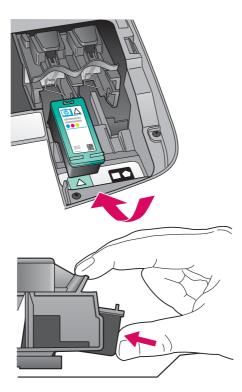

Do not touch the copper-colored contacts or retape the cartridges.

### Insert the tri-color print cartridge

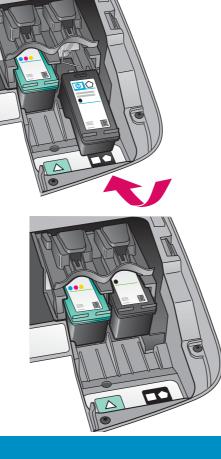

- The device must be **On** before you can insert the print cartridges.
  - **a** Hold the **tri-color** print cartridge with the HP label facing up.
  - **b** Place the **tri-color** print cartridge in front of the **left** slot.
  - **c** Push the cartridge firmly into the slot until it snaps into place.

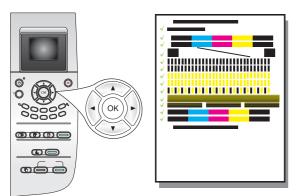

### 2 Insert the black print cartridge

- **a** Hold the **black** print cartridge with the HP label facing up.
- **b** Place the **black** print cartridge in front of the **right** slot.
- **c** Push the cartridge firmly into the slot until it snaps into place.
- **d** Close the access door.

# **13** Align the print cartridges

**a** Press **OK** at each of the prompts on the control panel to start print cartridge alignment.

The alignment may take a few minutes.

**b** After the page prints, alignment is complete. Check the color graphics display for the status, and then press OK. If it fails, see **Troubleshooting** in the last section.

Recycle or discard the alignment page.

If you are not connecting the device to a computer, continue to the User Guide for information on how to get started.

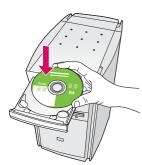

### Turn on your computer

- **a** Turn on your computer, login if necessary, and then wait for the desktop to appear.
- **b** Close any open programs.

### Insert the correct CD

#### Windows Users:

- a Insert the HP all-in-one Windows CD.
- **b** Follow the onscreen instructions.

If the startup screen does not appear, double-click **My Computer,** double-click the **CD-ROM** icon, and then double-click **setup.exe**.

#### **Macintosh Users:**

Insert the HP all-in-one **Macintosh** CD. Go to the next step before installing software.

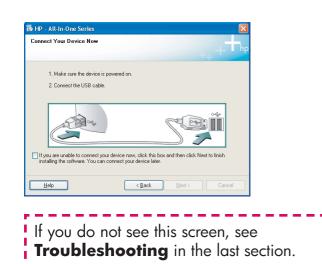

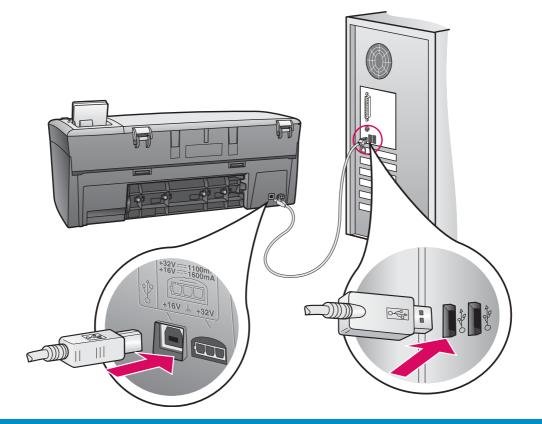

#### Windows Users:

You may have to wait several minutes before you see the onscreen prompt to connect the USB cable. Once the prompt appears, connect the USB cable to the port on the back of the HP all-in-one, and then to **any USB port** on your computer.

#### **Macintosh Users:**

Connect the USB cable to the port on the back of the HP all-in-one, and then to **any USB port** on your computer.

## **17** Continue software installation

#### Windows Users:

If you do not see this screen, see **Troubleshooting** in the last section. Follow the onscreen instructions. Complete the **Sign up now** screen.
