Easy Internet Sign-up, the quick way to find an ISP!

- Have you ever wished there were a quick way to get online with quality, dial-up and broadband ISPs* (Internet service providers) that work with your PC?
- Have you wondered how leading dial-up and broadband ISP offers compare?
- Have you wished that your dial-up and broadband Internet connection were faster, since you do heavy Web surfing and e-mail?
- Are you tired of waiting for music, video, or software applications to download from a dial-up connection?
- Are you interested in learning about high-speed, broadband Internet connectivity options?

If so, let Easy Internet Sign-up help you decide. With your purchase of an HP Pavilion PC, you are entitled to take advantage of special Internet access offers. Easy Internet Sign-up arranges preselected Internet connectivity services in easy-to-view categories, making it simple to compare options and sign up for a new ISP account or transfer an existing one.

*Internet access requires a separately purchased service contract.
Represents only those ISPs with whom HP has a relationship.

Start your wireless network with Linksys

LINKSYS®

A Division of Cisco Systems, Inc.

Start your wireless network with Linksys

Share your high-speed Internet connection, files, printing, and more — all without stringing wires! The Linksys Wireless-G broadband router is an all-in-one Internet-sharing router, 4-port switch, and 54 Mbps wireless-G access point. Almost 5 times faster than 802.11b, it can also interoperate with any 802.11b device (at 11 Mbps).

Add a Linksys Wireless-G USB Network Adapter to your desktop and connect it to a wireless network at up to 54 Mbps, without opening the case. The adapter plugs easily into a USB 2.0 port and is also compatible with wireless-B networks (at 11 Mbps). It's the easy way to connect your desktop to a high-speed wireless network!
