1. **USB**
   - USB 纂线使用者：在进行到 A2 部分之前请不要连接 USB 纂线。
   - USB 케이블 사용者：在進行到 A2 部分之
       前請不要連接 USB 纂線。
   - USB 电缆用户：进行到 A2 部分的步骤前，请不要连接 USB 电缆。
   - USB cable users: Do not connect the USB cable until Section A2.

2. **a.**
   - 请撕掉盖板上以及装置正面和背面的所有胶带及保护膜。
   - 要将显示器的角度调整到最适合检查的位置。
   - 오른 테이프 및 보호 필름을 닦개 및 장치의 앞뒤 에서 제거합니다。
   - 컬러 그래픽 디스플레이를 들어 올리고 보호 필름을 제거합니다. 보기에 적합한 위치로 디스플레
       이 각도를 조정할 수 있습니다。
   - 取下设备盖子上及正反面的所有胶带及保护膜。
   - 您可以调整显示屏的角度，使之便于查看。
   - a. Remove all tape and protective film from the lid and from the front and back of the device.
   - b. Lift the color graphics display and remove the protective film. You can adjust the angle of the display to a position suitable for viewing.

3. **Ethernet**
   - 有線網路使用者：您必須依照本《安裝指南》中的指示進行操作，才能成功地將 HP All-in-One 新增至網路。
   - 유선 네트워크 사용자：네트워크에 HP All-in-One을 성공적으로 추가하려면 본 설치 설명서의 지침을 따라야 합니다。
   - 有线网络用户：必须依照此《安装手册》中的说明进行操作，才能顺利将 HP All-in-One 添加至网络。

- Wired network users: you must follow the instructions in this setup guide to be successful adding the HP All-in-One to your network.
3

Connect the power cord and adapter.
Press to turn on the HP All-in-One.

NOTE: Pay attention to the helpful messages and animations in the display during the setup process.

If the control panel faceplate is not already attached, position it over the buttons on the device.
Press down firmly on all edges of the overlay to secure it. Make sure all buttons are visible and not blocked.

Verify the box contents. The contents of your box may differ. *May be included

a. 如果尚未安装控制面板，请将其嵌套在设备按钮上。
b. 按压面板的各边缘，将其固定到位，确认所有按钮都可以看到，不会因面板遮挡而看不到。

4

a. 如果尚未安装控制面板覆盖板，请将其嵌套在设备的按钮上。
b. 用力向下按压覆盖板的各条边缘，使其固定到位。确保所有按钮都可以看到，不会因覆盖板的遮挡而看不到。

b. 按下即可开启 HP All-in-One。

5

a. 连接电源线和适配器。
b. 按下打开 HP All-in-One。

NOTE: Pay attention to the helpful messages and animations in the display during the setup process.

5

a. 连接电源线和适配器。
b. 按下打开 HP All-in-One。

NOTE: Pay attention to the helpful messages and animations in the display during the setup process.
Open the access door.

Do one of the following:

- If a prompt appears asking you to set the language and country/region, use the arrows to select your language from the list of up to 25 languages, press OK, and confirm. Select your country/region, press OK and confirm.
- If a prompt appears asking to install print cartridges, go to the next step in this guide.
- Squeeze the bottom of each latch to release it, and then lift the latch.
- Lift all six latches.
Match the color and pattern of the ink cartridge to the color and pattern above the latches.

Push the black ink cartridge in to the first slot on the left. Close the latch. Repeat with each of the color ink cartridges. Make sure each latch is secure.

Note: Use only the ink cartridges that came with the printer. The ink in these cartridges is specially formulated to mix with the ink in the print head assembly at first-time setup.

Close the access door.
In addition to plain paper, you can also load photo paper in the photo tray. If you do not have photo paper, continue to the next step.

Lift the photo tray lid.

Load photo paper with the glossy side down in the photo tray. Slide the paper guides against the photo paper.

Push the photo tray in, and lower the photo tray lid until it is fully closed.

Pull out the tray extender and lift up the paper catch.
a. Press the OK button after you have loaded paper in the main tray, then wait a few minutes while the alignment page is printed. The alignment process ensures high print quality.

b. Press the OK button after the alignment page is printed. When the page is printed, alignment is complete.

请按照下一步的说明继续操作，将 HP All-in-One 连接到计算机。

Continue to the next step for instructions on connecting your HP All-in-One to your computer.
Choose only ONE connection type
(A - USB or B - Ethernet/Wired network)

Use the instructions in Section A if you want to connect the HP All-in-One directly to one computer.
*IMPORTANT: Do not connect the USB cable until Section A2.
Equipment needed: USB cable.

Use the instructions in Section B if you want an Ethernet cable connection between the HP All-in-One and your network.
Equipment needed: router and Ethernet/network cable.

_A - USB_  
*IMPORTANT:* Do not connect the USB cable until Section A2.
Equipment needed: USB cable.

**B - Ethernet**

*IMPORTANT:* Do not connect the USB cable until Section A2.
Equipment needed: USB cable.
a. Turn on your computer, login if necessary, and then wait for the desktop to appear. Insert the green CD and follow the onscreen instructions.

**IMPORTANT:** If the startup screen does not appear, double-click My Computer, double-click the CD-ROM icon with the HP logo, and then double-click setup.exe.

b. Continue to Section A2.

**Mac:**

** 중요사항:** 만약 USB 케이블이 포함되어 있지 않으면 별도로 구입하십시오.

a. USB 케이블을 HP All-in-One의 뒷면 포트와 컴퓨터의 USB 포트에 차례로 연결합니다.

b. 섹션 A2에서 계속합니다.

** 중요사항:** 구매 USB 케이블으로 HP All-in-One 후면 포트와 컴퓨터의 USB 포트에 차례로 연결합니다.

b. 계속해서 A2 부분을 진행합니다.

**注意:** 如果没有随附 USB 电缆，请单独购买。

a. 将 USB 电缆的一端连接到 HP All-in-One 背面的端口，然后将另一端连接到计算机的任意一个 USB 端口。

b. 继续按照 A2 部分中的说明进行操作。

** IMPORTANT:** Purchase a USB cable separately if it is not included.

a. Connect the USB cable to the port on the back of the HP All-in-One, and then to any USB port on the computer.

b. Continue to Section A2.
A2 - USB

Windows:

**IMPORTANT:** Purchase a USB cable separately if it is not included.

c. Once the USB prompt appears, connect the USB cable to the port on the back of the HP All-in-One, and then to any USB port on the computer.

d. Follow the onscreen instructions to complete the software installation.

e. Go to page 13 to explore your HP All-in-One.

Mac:

c. Insert the green CD.

d. Double-click the HP Photosmart CD icon on the desktop.

e. Double-click the HP All-in-One Installer icon. Follow the onscreen instructions.

f. Complete the Setup Assistant screen.

g. Go to page 13 to explore your HP All-in-One.
a. Locate your Ethernet/ network cable.
b. Remove the yellow plug from the back of the device.
c. Connect one end of the Ethernet/ network cable to the Ethernet port on the back of the device.
d. Connect the other end of the Ethernet/ network cable to the router (not in the Internet port).
e. Go to Section B2 of this Setup Guide to install your software.

Important:
Your computer and the HP All-in-One must be on the same active, working network.
If you are using a DSL or cable modem, make sure you do not connect the Ethernet/ network cable from the HP All-in-One to the cable modem. Connect it to the router only.

a. Ethernet/ 네트워크 케이블을 찾아십시오.
b. 장치 뒷면에서 노란색 플러그를 뽑습니다.
c. Ethernet/ 네트워크 케이블의 한 쪽 끝을 장치 뒷면에 있는 이더넷 포트에 연결합니다.
d. Ethernet/ 네트워크 케이블의 다른 끝을 라우터에 연결합니다(인터넷 포트에는 없음).
e. 이 설치 설명서의 섹션 B2로 가서 소프트웨어를 설치합니다.
Turn on your computer, login if necessary, and then wait for the desktop to appear.

Insert the green CD and follow the onscreen instructions to install the software.

**IMPORTANT:** If the startup screen does not appear, double-click My Computer, double-click the CD-ROM icon with the HP logo, and then double-click setup.exe.

c. On the Connection Type screen, make sure to select through the network.
Windows:

d. If you have additional computers on your network, install the HP All-in-One software on each computer. Follow the onscreen instructions. Make sure that you choose the connection types between the network and your HP All-in-One (not between your computer and the network).

Note: Your firewall software may provide prompts warning you that HP software is attempting to access your network. You should respond so that access is “always” allowed. Then continue with the HP software installation.

Anti-virus and anti-spyware applications may block software installation and may need to be disabled. Remember to turn them back on again following installation.

B4 - Ethernet

If you have additional computers on your network, install the HP All-in-One software on each computer. Follow the onscreen instructions. Make sure that you choose the connection types between the network and your HP All-in-One (not between your computer and the network).
Explore the features

Now that your HP Photosmart software program is installed on your computer, you can try out one of the features on the HP All-in-One.

If you have not already done so, load photo paper in the photo tray.

Insert the memory card from your camera into the appropriate memory card slot in the HP All-in-One.

---

Print a 10 x 15 cm photo

Print a 10 x 15 cm photo.

1. If you have not already done so, load photo paper in the photo tray.
2. Insert the memory card from your camera into the appropriate memory card slot in the HP All-in-One.
c. 當彩色圖形顯示器顯示 Photosmart Express 功能表時，按「OK」選取「檢視」。

d. 按方向鍵按鈕查看所需的相片，然後按「OK」顯示所選的相片。

e. 按「OK」顯示相片選項。

f. 按「OK」預覽所選的相片。

g. 按「OK」列印該相片。

c. 当彩色图形显示器显示“Photosmart Express”菜单时，按“OK”选择“查看”。

d. 按方向键按钮查看所需的照片，然后按“OK”显示所选的照片。

e. 按“OK”显示照片选项。

f. 按“OK”预览所选的照片。

g. 按“OK”打印照片。

c. Photosmart Express 메뉴가 컬러 그래픽 디스플레이에 나타나면 OK(확인)을 눌러 View(보기)를 선택합니다.

d. 화살표 버튼을 눌러 원하는 사진을 본 다음 OK(확인)을 눌러 선택한 사진을 표시합니다.

e. 사진 옵션을 표시하려면 OK(확인)을 누릅니다.

f. 선택한 사진을 미리 보려면 OK(확인)을 누릅니다.

g. 사진을 인쇄하려면 OK(확인)을 누릅니다.

c. When the Photosmart Express menu appears in the color graphics display, press OK to select View.

d. Press the arrow buttons to view the desired photo, then press OK to display the selected photo.

e. Press OK to display photo options.

f. Press OK to preview the selected photo.

g. Press OK to print the photo.
Problem: (Windows) The Microsoft Add Hardware screen appears.
Action: Cancel all screens. Unplug the USB cable, and then insert the green HP All-in-One CD. Refer to Section A.

Problem: (Windows only) The Device Setup Has Failed To Complete screen appears.
Action: Unplug the device and plug it in again. Check all connections. Make sure the USB cable is plugged into the computer. Do not plug the USB cable into a keyboard or a non-powered USB hub. Refer to Section A.
Problem: (Windows only) You did not see the screen prompting you to connect the USB cable.
Action: Cancel all screens. Remove, and then re-insert the green HP All-in-One CD. Refer to Section A.

Problem: While you install the HP All-in-One software, you see the error message Printer Not Found.
Action: The HP All-in-One may not be connected to your network. Check all cable connections between the HP All-in-One, the router, and your PC. Try temporarily disabling any firewall, anti-spyware, or anti-virus software you may be currently running on your PC.
