What’s inside the box:
- Digital Picture Frame
- Interchangeable Frames (*Two included in the box)
- Remote
- Power Adapter
- User Documentation
- Warranty Document

Getting Started
1. Connect the power adapter
2. Insert memory card or USB storage device (external)
3. Push the POWER button
4. Enjoy! A slideshow of your pictures will begin in a few seconds

Auto-Rotate
1. Horizontal view
2. Turn the stand to set frame vertically
3. Enjoy vertical view on the next picture

Note: Auto-Rotate will always take effect on next picture. This feature is available when using external memory device.

How To Change The Frame
1. Remove the frame
2. Select desired frame design
3. Replace the frame
