

Copy using the automatic document feeder (ADF)

How do I?	Steps to perform	
Load originals using the automatic document feeder (ADF)	Insert the top-end of the stack of originals into the automatic document feeder input tray, with the media stack face-up and the first page to be copied on top of the stack.	
CAUTION: To prevent damage to the product, do not use an original that contains correction tape, correction fluid, paper clips, or staples. Also, do not load photographs, small originals, or fragile originals into the ADF. Use the flatbed glass to scan these items.	2 Slide the stack into the ADF until it does not move any farther. Document loaded appears on the control-panel display.	1 2 3 4 5 6 7 8 9 ★ 0 # • O # O #
	3 Adjust the media guides until they are snug against the media.	
	4 Press Start Copy Black or Start Copy Color on the product control panel to start copying.
