**TV Out**

Connect computer to TV (select models only). You can use Composite, S-Video, VGA, DVI, or HDMI connections (select models only).

Refer to the setup instructions that came with your TV. Cables not included.

---

**TV In**

If you use a cable or satellite set-top box, pass the signal through the box.

---

**Remote Sensor**

If you use a cable or satellite set-top box, pass the signal through the remote sensor.

---

Connect remote control receiver to computer.

Insert batteries.
