

Style at your fingertips.

The HP Wireless Elite Keyboard is easy on your eyes and your fingers. This full-featured keyboard packs extra functionality into a streamlined package—and complements any PC with its sleek style.

Low profile, high style.

With an ultra slim profile, modern black finish, and silver accents, the HP Wireless Elite Keyboard is at home in your home. Its ultra slim profile—the height of an average pen—saves space on your desk or counter. Two settings let you adjust the height to your preference, and a spill-resistant design makes it easy to keep clean.⁽²⁾

Efficiency expert.

Clear away clutter and experience the freedom of 2.4 GHz wireless technology. Use the HP Wireless Elite Keyboard from anywhere on your desk, in your lap, or up to 32 feet from your PC. Keep tabs on battery life with a convenient on-screen indicator. You won't need to check it often—average battery life is around 12 months. To save even more energy, use the built-in PC sleep button.

It's just your type.

High-tech scissor switch design makes these keys incredibly easy to press and blissfully quiet. You'll be in command of more than just the alphabet, thanks to a comprehensive set of multimedia keys for convenient entertainment control. And it's easy to turn the volume up, down, or off to match your mood.
