This is our easiest client ever to deploy and manage, and it's perfect for office environments with open seating.
- HP's alliance with Altiris brings a leading management solution to the thin client market. Altiris Deployment Solution's standards-based, advanced thin client management solution helps reduce the costs of deploying, updating, and maintaining your thin clients. Included with each HP client!
- HP's exclusive, built-in HP ThinState Tools allow administrator to make changes to settings on one "master" client, capture the new settings on a USB flash drive, and then easily deploy it to "target" thin clients.
- Support for selected options and peripherals.
- Protected by Hewlett-Packard Services, including a limited three-year hardware warranty – certain restrictions and exclusions apply.
