

HP Universal Notebook Stand

The HP Universal Notebook Stand is designed to further enhance the usability and expansion of any notebook PC. The stand elevates the users experience by bringing the notebook PC to an upright 40 degree viewing angle position and allowing for full interactivity with all their USB peripherals with the integrated 4 port USB 2.0 hub. By elevating the notebook the notebook display can now be utilized as a desktop monitor. By having the HP Universal Notebook Stand you can also reduce desktop clutter for a cleaner workspace. All your desktop USB peripherals can not be consolidated into one USB connection to your notebook. Connect your printer, keyboard, mouse, and external storage device all to the HP Universal Notebook Stand and then one single USB connection to your notebook. The integrated 4 port USB 2.0 hub is powered so select peripherals such as phones, cameras, and external storage devices can be charged/powerd from the stand with the notebook present or not. Also, the stand is designed so the user can access the not only the integrated USB 2.0 ports of the stand but also the ports on the notebook.

THE COMPUTER IS PERSONAL AGAIN.
