Setting the Display Language / Date & Time

When using the camera for the first time after purchasing, be sure to choose a language and set the date & time before using the camera.

**Setting the Display Language**

1. Turn the power on, and set the camera to the Setup Menu.

2. Select [Language].
   - Press ▲ or ▼ to select [LANGUAGE] then press SET button to launch the submenu.

3. Select a language.
   - Press ▲ or ▼ to select a language and press SET button to apply the setting.

4. Press the MENU button to close the menu.
Setting the Date & Time

1. Turn the power on, and set the camera to the Setup Menu.

2. Select [Date & Time].
   - Press ▲ or ▼ to select [Date & Time] then press SET button to launch the submenu.

3. Set date and time.
   - Press ▲ or ▼ to change the value of the cursor located. Press ◀ or ▶ button to move the cursor between settings.

4. Apply the setting.
   - After adjusting the settings, press the OK or the MENU button to apply the setting.

Caution

- Once the date, time and language have been set, changing the batteries or removing the SD card will NOT reset these settings. However, if the batteries are removed for longer than 48 hours, the Date and Time will need to be re-set.
Using the Menus

When the menu is displayed, use the 4-way navigation control and the SET button to move through menu selections and apply your desired settings. To close the menu anytime, press the menu button again.

Using the Shooting Menu

1. Turn the power on, and set the camera to Shooting mode.

2. Press Menu to launch the Shooting Menu.

3. Use the ▲ or ▼ keys to move through the menu selections.

4. To select an item, press †.

5. Change the submenu settings using the 4-way navigation control.

6. Press the SET button to save and apply settings.
Using the Setup Menu

You can access the Setup menu whether you are in Shooting or Playback mode. The Setup menu allows you to configure general camera settings.

1. **Press to launch the Record/Playback Menu.**

2. **Use the or keys to change the menu tab to Setup menu.**

3. **Use the or keys to move through the menu selections.**

4. **To select an item, press .**

5. **Change the submenu settings using the 4-way navigation control.**

6. **Press the SET button to save and apply settings.**
Using the Function Menu

The **Function Menu** is used to adjust capture settings in Shooting Mode. It contains My Mode, Resolution, Quality, EV Compensation, White Balance, ISO, Metering, and Color Mode.

Press the **FUNC** button of your camera to launch the Function Menu.

Press the **FUNC** button again to close the menu.

- The Menu bar displays the current status of your camera settings. Only the available functions for the settings are shown as icon on the menu bar.
- The available options for each item on the menu bar are shown in the Menu options.
- Use the ◀️ or ▶️ to move through the menu selections then press the **SET** button to save and apply changes.

**My Mode**

The My Mode function displays the 6 most recent modes used in order. When you move through the different modes in the menu options, the items on the menu bar changes synchronously to the corresponding available settings.
When you turn on your camera for the first time, you will be asked to do the initial settings of your camera. When you turn the Power button on, the Language Menu is displayed on the LCD screen for you to setup the display language.

**Setting the Language**

Press , , or to move through the selection. Select a language, then press SET to apply.

**Setting the Date & Time**

Press or keys to move through the selection. Press SET or keys to change the value for the date and time. Press SET to apply.

If necessary, press  to close the menu.
