

# 8X External Slim DVD-ROM Drive

## rm475e

The HP's 8X external slim DVD-ROM drive, rm475e, is a lightweight, compact, and sleek designed playback device complement to today's netbook or notebook. It lets you enjoy music, video, and pictures while you travel, or share your favorite DVDs with your relatives and friend on the road. Suitable for road warrior, the rm475e can be powered directly from notebook or netbook through USB without a need for power adapter. The drive is integrated with top loading mechanism for disc loading convenience and easy access. With the built-in USB cable holder, the USB cable can be conveniently and securely stored in the drive making it a perfect travel companion.

The rm475e reads DVDs at up to 8x speeds and CDs at 24x speeds.

---
