Portable Hard Drive
Future-ready capacity and storage

SimpleSave
Includes SimpleSave backup software.

The HP Portable Hard Drive features USB 2.0 connectivity for today and USB 3.0 speed for tomorrow. The SimpleSave™ backup software included on the drive makes protecting your files a breeze. The compact design comes in several large capacities for storing your digital life.

Transfer files up to 3x faster than USB 2.0

Connect to a USB 3.0 port to access and save files up to three times faster than when connected to a USB 2.0 port.*

SimpleSave backup software

There's no need to install and learn software; it's practically hands-free. Just start the SimpleSave software and after the first backup, it frequently checks for file changes so your backup is always up to date.

Fast, portable storage solution

The HP Portable Hard Drive is compact and light enough to fit in a pocket, yet stores tons of valuable music, photos, videos, and files. The HP Portable Hard Drive is available in three large capacities, 500GB, 750GB, and 1TB.

USB-powered

No need to carry around a bulky power adapter, the drive is powered through the USB cable.
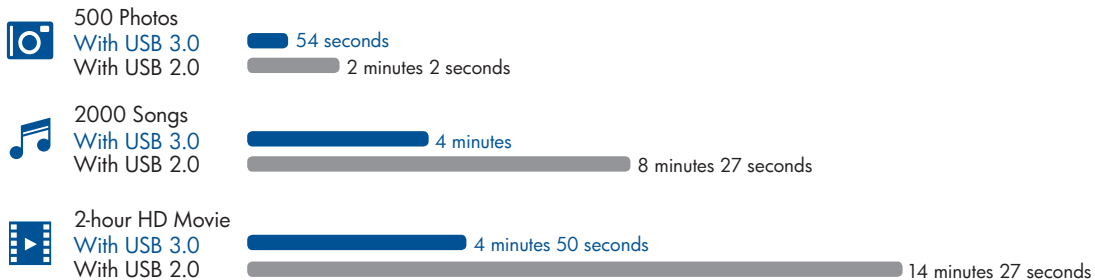

Plug and play simplicity

Connect it to your USB 2.0 or USB 3.0 port and it's ready to use. No software or drivers to install.

HP reliability

The brand you trust. The speed you need. Feel confident you are buying a trusted brand known around the world.

USB 3.0 transfers files up to 3x faster than USB 2.0*

500 Photos
With USB 3.0 — 54 seconds
With USB 2.0 — 2 minutes 2 seconds

2000 Songs
With USB 3.0 — 4 minutes
With USB 2.0 — 8 minutes 27 seconds

2-hour HD Movie
With USB 3.0 — 4 minutes 50 seconds
With USB 2.0 — 14 minutes 27 seconds

---

*Performance may vary based on the size and number of files transferred, and the user's hardware and system configuration.

Photos/jpgs: Figures represent the average number of photos taken with a 10 megapixel camera in high-resolution JPG mode with an average file size of 5 MB per photo. The actual number of images will vary by camera model and compression setting. MP3: Music capacity is based on 4 minutes per song.

MP3 capacity is based on 128 kbps bit rate and 11:1 audio compression ratio.

HD video: Calculated at 720p or 1080i video output with an 8.3 GB per hour recording rate.
