

df730 7-inch Digital Picture Frame

The df730 is a 7-inch digital picture frame that features an 800 x 600 high resolution and high contrast LCD screen for optimal photo quality. Its versatile design offers you the flexibility to go with either a contemporary or a traditional elegant look. When viewing pictures is your highest priority, the df730 is an ideal choice for you

Enjoy great picture quality

Featuring an 800 x 600 resolution and high contrast LCD screen, the df730 displays great quality photos that are clear, bright, and vibrant. With a 4:3 LCD screen, the df730 minimizes cropping of photos when viewing in full screen and offers about 12% more display area than comparable 16:9 LCD screens.

Easily display your pictures

The df730 digital picture frame makes viewing photos fun and effortless. It supports most common memory cards such as; SD, SDHC, MMC, and MS. All you have to do is remove the memory card from your digital camera and insert it into the frame to enjoy your photos.

Elegant and versatile design

The df730 digital picture frame will match any home décor or setting. The slim base digital picture frame is great for a sleek and contemporary look. For a more traditional and sophisticated look, add the included elegant black wood frame to the digital picture frame. A set of double mat is also included for use with the wood frame to add more depth to your photos.

Clock and calendar display

The df730 can display a monthly calendar and digital clock. You can choose to view them with or without a photo slideshow, making it perfect for office use.

Programmable power on/off

The df730 digital picture frame provides the convenience of programming it to turn on and off at the times you choose. You can set the digital picture frame to display photos when you are at home and turn it off when you're away or asleep. With this useful function, users do not have to worry about excessive electricity consumption.
