HP df105 Digital Picture Keychain

HP Digital Picture Keychain with 5-in-1 functionality makes the best travel companion - anytime, anywhere!

It is not just another digital picture keychain. HP df105 is a rich in feature 5-in-1 digital companion to be carried in your pocket or purse. It is a 1.5" digital picture frame, a USB 512MB flash drive, a MicroSD/ M2 card reader, a cell phone charger, and a time & date display device. It lets you display up to 1000 pictures of your precious memories and share with friends & family wherever you go. Use it as a flash drive! The 512MB memory size lets you transport your personal files, digital pictures, video and music from one PC to another. The built-in Micro SD/ M2 card reader lets you conveniently view pictures by transferring files from cell phones, digital camera, or PCs. Best of all, the HP Digital Picture Keychain works as a cell phone charger. There is no need to carry your cell phone charger when traveling. Just connect your Motorola, Samsung, or Sony Ericsson cell phone into the keychain connector, connect the HP df105 to an available USB port on PC, and your cell phone will be charged! The keychain also has the option to display time and date, and is perfect for on-the-go viewing.*

The HP Digital Picture Keychain is a great travel companion for yourself, and a perfect gift for your loved ones!

Creative and Fun
