

t250 Digital Camcorder

The HP t250 Digital Camcorder allows you to record your life's moments in Full HD 1080p video format. It features a large 3" touch screen LCD display for easy navigation and viewing of your recordings. Sharing videos in brilliant colors has never been so easy. Just record, connect the camcorder to your TV using the included HDMI cable, and enjoy the videos instantly on your Full High Definition TV. It's that simple!

Full HD 1080p video recording

The HP t250 digital camcorder allows you to record videos up to 1920 x 1080 high resolution, enabling you to capture videos of your life's moments in more detail and in vivid colors.

Easy sharing

The HP t250 offers convenient and easy ways to share your videos. With the HDMI cable, you can playback your digital videos to many HD TVs. With the HP t250, you can easily transfer videos to your notebook or PC by inserting the SD card into a memory card reader or via the included USB cable.

Advanced recording features

- Large screen: 3" screen allows you to clearly review the video you've just recorded.
- Simple controls: Easily navigate the camcorder's simple controls with the touch screen display.
- SD/ SDHC / Micro SD supported: Up to 32GB
- The dual SD/SDHC and Micro SD memory card feature can give you plenty of capacity (up to 64GB - or approximately 21 hours of 1080p video) to record the precious moments of your life.
- Motion Detection: Capture fun moments of your pet.
- Night Mode: Record video in low light situations.

Still image capture

Take color snapshots anytime with the t250. It features still image resolution of up to 16MP with interpolation allowing you take amazingly clear shots. When taking pictures of family and friends, the face tracking feature will detect and focus on the faces creating clear beautiful portraits.
