

Digital Camera c150w

The HP c150w is a great waterproof camera for your active life style. Capture remarkable underwater memories of your family's snorkeling trip or great pictures of the snowy ski vacation without fear of ruining your camera . Use the camera for vivid underwater and on-the-beach pictures or any other outdoor activity, rain or shine. The HP c150w features dual LCD screens. Use the front facing LCD to compose and capture worry free self-portraits. Keep the camera in your travel bag so you are ready to quickly and easily take pictures and video in rain or shine.

Active lifestyle

The HP c150w was designed for you and your active lifestyle. It doesn't matter if you are underwater or on the ski slopes, all it takes is a push of a button to capture the perfect memory. The simple interface and clever button layout make this camera a great companion to take on your next vacation.

Waterproof and Dust Resistant

Take your HP c150w on your next underwater adventure - down to 3 meters (10 feet). Feel confident when in the great outdoors without worrying about rain, dirt, dust, or sand ruining the camera. Wherever you go, your friends will wish they were there when you show them your pictures captured with the HP c150w.

Dual LCD Screens

Compose near perfect self-portraits or portraits with your friends with the HP c150w dual LCD screens. The front facing LCD is a favorite feature among kids and teenagers everywhere. With a back 2.7" and a front 1.8" LCD's you will never have to worry if you got the right shot. Easily switch between front and back displays with a touch of a button.

Easy and Fun

The HP c150w is offered in 4 colors to match your style – black, red, blue and purple. Quickly and Easily change to video mode to record special moments with the press of a single button. Want to share your memories? Use the provided USB cable to transfer your photos and videos by a simple connection to most PCs or laptops. This is one easy to use camera.

Capture the Moment

Take quality pictures and VGA video with a 16MP interpolated/10MP sensor. The HP c150w is easily upgraded with the latest microSD memory card up to 32GB.

Switchable Focus

Quickly switch from shooting a close up of your favorite fish to an underwater family portrait with a flip of a switch. This easy to change feature assures you will get high quality pictures and video independent of the distance of your subject.
