Installing the software | Instalación del software |  
Installation du logiciel | Instalação do software

After powering on the computer and port replicator, the HP Dock drive window displays on the computer screen.

**NOTE:** The software is preinstalled in flash memory on the port replicator.

To install the software:

1. Click on **Open folder to view files.**
2. Double-click on **HP Port Replicator Software Installer.**
3. Follow the on-screen instructions to install and set up the software.

Después de encender el equipo y el replicador de puertos, la ventana de la unidad HP Dock aparecerá en la pantalla del equipo.

**NOTA:** El software está preinstalado en la memoria flash del replicador de puertos.

Para instalar el software:

1. Haga clic en **Abrir carpeta para ver los archivos.**
2. Haga doble clic en **HP Port Replicator Software Installer.**
3. Siga las instrucciones que aparecen en la pantalla para instalar y configurar el software.

Après avoir mis sous tension l'ordinateur et le réplicateur de port, l'écran du lecteur HP Dock s'affichera sur l'ordinateur.

**REMARQUE :** Le logiciel est déjà installé dans la mémoire flash du réplicateur de port.

Pour installer le logiciel :

1. Cliquez sur **Ouvrir dossier pour voir les fichiers.**
2. Double-cliquez sur **HP Port Replicator Software Installer.**
3. Suivez les directives à l'écran pour installer et configurer le logiciel.

Após ligar o computador e o replicador de portas, a janela da unidade HP Dock será exibida na tela do computador.

**OBSERVAÇÃO:** O software vem pré-instalado na memória flash do replicador de portas.

Para instalar o software:

1. Clique em **Abrir pasta para exibir arquivos.**
2. Clique duas vezes no **HP Port Replicator Software Installer.**
3. Siga as instruções na tela para instalar e configurar o software.
