

# Mini Wireless Camcorder f150

The HP f150 combines great image quality with a straightforward easy to use interface all packaged in a small portable package. Its small size fits nicely in your pocket, purse, glovebox, it pretty much fits anywhere you have a little extra space. The mini camcorder with integrated Wi-Fi makes for easy camera setup and content review on your wifi direct phone. This mini camcorder is at perfect solution as a car cam on your way to work, capturing meeting video at work, clipping on your bike handle bars for your noon time ride and clipping it on the kids pocket to capture the school play close up. The wide angle lens allows you to capture your memories in 720p HD video in pretty much any environment at any time.

## Built-in, Wi-Fi

The HP f150 has integrated Wi-Fi direct which allows you to set up your camera, digital zoom, review video and pictures all at the touch of a button. With the Wi-Fi direct and the simple camera interface you can be taking great videos and still the moment you take it out of the box.

## Easy to mount, extremely durable, and flexible

With the slide mount design on the back of the camera the many different mounting brackets can be quickly changed with no tools or fiddling with screws. With the small size, lite weight and very durable design this camera is perfect to keep with you at all times to make sure you never miss another video or photo opportunity.

## Ultra Wide Angel Lens with excellent low light capture capabilities

With a high quality, ultra wide 100° lens the HP f150 is perfect camera to make sure you capture all the action. The high quality optics gives you clear, crisp video and pictures from edge to edge without annoying distortion. All this capability and it still fits nicely in your pocket, glove box or brief case.

## Smart phone connectivity

The free application for your Android, iPhone, or Windows based smartphone you access to an easy setup menu to configure your camera for the best possible photo or video. The application also allows you to review all the content stored on the f150 mini DV. The f150 allows for 2 way audio communication via the smartphone app for easy camera setup. Application supports up to 4 camcorders at once with a split screen review on you smartphone.
