

### Regulatory Model Identification Number

For regulatory identification purposes, this product is assigned a Regulatory Model Number (RMN). The RMN for your product is RSVLD-1302. The RMN should not be confused with the marketing model number (for example, HP 1200w Mobile Print Accessory) or the HP product number (E5K46A).

### Notice for the U.S.A.

This device complies with Part 15 of the Federal Communication Commission rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a commercial environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at this own expense. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**FCC Caution:** The FCC requires the user to be notified that any changes or modifications made to this device that are not expressly approved by Hewlett-Packard Company may void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning – Exposure to Radio Frequency Radiation** Although the radiated output power of this device is below the FCC radio exposure limits, the device should be used in such a manner that the potential for human contact with the antennas during normal operation is minimized. To avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna should not be less than 20 cm (8 inches) during normal operation.

### Notice for Canada

This device complies with the limits for a Class B digital device and conforms to Industry Canada standard ICES-003. Products

that contain a radio transmitter comply with Industry Canada standard RSS210 and are labeled with an IC ID.

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and personnel.

### Note pour le Canada

Cet appareil numérique de la classe Best conforme à la norme ICES-003 d'Industry Canada. La radio sans fil de ce dispositif est conforme à la certification RSS 210 d'Industry Canada et est étiquetée avec un numéro d'approbation IC.

Le fonctionnement est soumis aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences et (2) doit accepter toute réception d'interférence, y compris les interférences susceptibles de générer un fonctionnement indésirable de l'appareil.

Cet équipement respecte les limites d'exposition aux radiofréquences canadiennes applicables dans un environnement non contrôlé. Cet équipement doit être installé et fonctionner à une distance minimale de 20 cm entre le radiateur et votre corps.
