

Action Cam ac100

The HP ac100 Action Cam is the perfect camera for capturing your action moments on a budget. Mount the waterproof case in a variety of configurations to get the video or pic that show your spirit of adventure. Use the quick release case latch to remove the ac100 from the waterproof case to point, shoot and capture your memories. After your adventure the ac 100 becomes a car cam that records the drive home. The 120° wide angle lens with full 1080p HD video takes exceptional videos and pictures in any environment. The HP ac100's bright 2.4" touch screen display allows for quick, easy camera setup and content review.

120° Ultra-Wide Angel Lens captures adventures including the car ride home

The HP Action Cam ac100 comes with a high quality, ultra-wide 120° lens that delivers clear, crisp videos and pictures from edge-to-edge. The ac100 is the perfect a great camera to capture the entire family, all the mountains or that grand city scape. After taking full 1080p HD videos review them on the 2.4" touch display and enjoy the fun filled memories you've captured. The HP Action Cam can also be mounted in your car for the drive home. Record what goes on outside the car. Catch the wild life or that once in a lifetime moment with the HP Action Cam ac100.

Full HD 1080P & 5MP Sensor

You only need one camera for high quality pictures and video with crisp audio. Video recorded on the HP Action Cam is in full 1080p. The HP ac100's built in microphone captures real time sound with your video.

Remote Control

The infrared remote control and the ultra-wide 120° lens pair up to capture the family at the family reunion, you in the mountain vista. Or use the remote to impress your boss with your quality presentations, recorded in 1080p for viewing at their convenience.

Easy to mount, extremely durable, flexible camera with a clam shell waterproof enclosure

The included waterproof clam shell case is ready to go out of the box. Use the mounts for the dive mask, bike handlebars, or the flexible gooseneck for endless position configurations. The waterproof case has integrated buttons providing access to all the video features. This camera is small and light weight, perfect to keep with your adventure gear ensuring you never miss a video opportunity.

Bright 2.4" LCD Touch Display

With the bright 2.4" touch display and the easily accessible buttons configure the ac100 to get your best video or pictures. In auto mode the HP ac100 calibrates the settings for you. Either way it's a quick easy setup and an amusing content review time.
