HP's Premium Protection Warranty: Neverstop Toner Reload Kit and HP Laser Imaging Drum limited warranty statement

This HP product is warranted to be free from defects in materials and workmanship.

This warranty does not apply to products that (a) have been refilled, refurbished, remanufactured or tampered with in any way, except for the use of an Toner Reload Kit as specified in the printer manual, (b) experience problems resulting from misuse, improper storage, or operation outside of the published environmental specifications for the printer product or (c) exhibit wear from ordinary use.

To obtain warranty service, please return the product to place of purchase (with a written description of the problem and print samples) or contact HP customer support. At HP's option, except where provided otherwise by local law, HP will either replace products that prove to be defective or refund your purchase price.

TO THE EXTENT ALLOWED BY LOCAL LAW, THE ABOVE WARRANTY IS EXCLUSIVE AND NO OTHER WARRANTY OR CONDITION, WHETHER WRITTEN OR ORAL, IS EXPRESSED OR IMPLIED AND HP SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR A PARTICULAR PURPOSE.

TO THE EXTENT ALLOWED BY LOCAL LAW, IN NO EVENT WILL HP OR ITS SUPPLIERS BE LIABLE FOR DIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOST PROFIT OR DATA), OR OTHER DAMAGE, WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE.

THE WARRANTY TERMS CONTAINED IN THIS STATEMENT, EXCEPT TO THE EXTENT LAWFULLY PERMITTED, DO NOT EXCLUDE, RESTRICT OR MODIFY AND ARE IN ADDITION TO THE MANDATORY STATUTORY RIGHTS APPLICABLE TO THE SALE OF THIS PRODUCT TO YOU.

HP policy on non-HP supplies

HP cannot recommend the use of non-HP Toner Reload Kits, non-HP toner, non-HP Laser Imaging Drums, and non-HP imaging system components, either new or remanufactured.

NOTE: For HP Neverstop Laser products, warranty does not cover printer or imaging drum failures or complications due to damage, contaminations, or general print related defects from use of non-HP Toner Reload Kits, non-HP Toner, non-HP Laser Imaging Drums, or non-HP Laser Imaging Drum components. In such case, HP will charge its standard time and materials charges to service the printer for the particular failure or damage.

HP anticounterfeit Web site

Go to www.hp.com/go/anticounterfeit if you install an HP Toner Reload Kit or an HP Laser Imaging Drum and a software or firmware message indicates that you have installed a previously used reload kit or imaging drum. HP will help determine if the reload kit or imaging drum is genuine and take steps to resolve the problem.

Your reload kit or imaging drum might not be a genuine HP Toner Reload Kit or HP Laser Imaging Drum if you notice the following:

- The supplies status page indicates that a non-HP supply, or a used or counterfeit supply, is installed or has been used.
- A software or firmware message indicates that a non-HP supply, or a used or counterfeit supply, is installed or has been used.
- You are experiencing a high number of problems with the reload kit or imaging drum.
- The reload kit or imaging drum does not look like it usually does (for example, the packaging differs from HP packaging).

Data stored on the HP Toner Reload Kit and the HP Laser Imaging Drum

The HP Toner Reload Kits and HP Laser Imaging Drums used with this product contain memory chips that assist in the operation of the product.

In addition, these memory chips collect a limited set of information about the usage of the product, which might include the following: the date when the Toner Reload Kit and the imaging drum were first installed, the date when the Toner Reload Kit and the imaging drum were last used, the number of pages printed using the Toner Reload Kit and the imaging drum, the page coverage, the printing modes used, any printing errors that might have occurred, the product model, if a used or counterfeit Toner Reload Kit or imaging drum has been used, if a user has caused a cancellation of a reload process with a Toner Reload Kit, and if more than one cancellation has occurred with the same Toner Reload Kit. This information helps HP design future products to meet our customers' printing needs and will only be used in accordance with the HP Privacy Statement (www.hp.com/go/privacy).

The data collected from these memory chips does not contain information that can be used to identify a customer or user of the Toner Reload Kit or the imaging drum or his or her product, nor will any attempt to identify the customer be made.

HP collects a sampling of the memory chips from Toner Reload Kits and imaging drums returned to HP's free return and recycling program (HP Planet Partners: www.hp.com/recycle). The memory chips from this sampling are read and studied in order to improve future HP products. HP partners who assist in recycling these Toner Reload Kits and imaging drums might have access to this data, as well. All HP Partners are bound to adhere to all applicable data privacy laws and regulations.

Any third party possessing a used Toner Reload Kit or imaging drum might have access to the anonymous information on the memory chip.

New Zealand Consumers: In New Zealand, the Software comes with guarantees that cannot be excluded under the Consumer Guarantees Act 1993. In New Zealand, Consumer Transaction means a transaction involving a person who is purchasing goods for personal, domestic or household use or consumption and not for the purpose of a business. New Zealand consumers who are purchasing goods for personal, domestic or household use or consumption and not for the purpose of a business ("New Zealand Consumers") are entitled to repair, replacement or refund for a failure and compensation for other reasonably foreseeable loss or damage. A New Zealand Consumer (as defined above) may recover the costs of returning the product to the place of purchase if there is a breach of the New Zealand consumer law; furthermore, if it will be of significant cost to the New Zealand Consumer to return the goods to HP then HP will collect such goods at its own cost. Where any supply of products or services is for business purposes, you agree that the Consumer Guarantees Act 1993 does not apply and that given the nature and value of the transaction, this is fair and reasonable.

HP products are designed with many Customer Self Repair (CSR) parts to minimize repair time and allow for greater flexibility in performing defective parts replacement. If during the diagnosis period, HP identifies that the repair can be accomplished by the use of a CSR part, HP will ship that part directly to you for replacement. There are two categories of CSR parts: 1) Parts for which customer self repair is mandatory. If you request HP to replace these parts, you will be charged for the travel and labor costs of this service. 2) Parts for which customer self repair is optional. These parts are also designed for Customer Self Repair. If, however, you require that HP replace them for you, this may be done at no additional charge under the type of warranty service designated for your product.

Based on availability and where geography permits, CSR parts will be shipped for next business day delivery. Same-day or four-hour delivery may be offered at an additional charge where geography permits. If assistance is required, you can call the HP Technical Support Center and a technician will help you over the phone. HP specifies in the materials shipped with a replacement CSR part whether a defective part must be returned to HP. In cases where it is required to return the defective part to HP, you must ship the defective part back to HP within a defined period of time, normally five (5) business days. The defective part must be returned with the associated documentation in the provided shipping material. Failure to return the defective part may result in HP billing you for the replacement. With a customer self repair, HP will pay all shipping and part return costs and determine the courier/carrier to be used.

Protecting the environment

HP is committed to providing quality products in an environmentally sound manner. This product has been designed with several attributes to minimize impacts on our environment.

Ozone production

The airborne emissions of ozone for this product have been measured according to a standardized protocol and when these emissions data are applied to an anticipated high-use scenario in an office workspace, HP has determined there is no appreciable amount of ozone generated during printing and the levels are well within current indoor air quality standards and guidelines.

References -

Based on ozone concentration when printing 2 hours per day in 30.6 cubic meter room with a ventilation rate of 0.68 air changes per hour with HP printing supplies.

Power consumption

Power usage drops significantly while in Ready, Sleep, or Off mode, which saves natural resources and saves money without affecting the high performance of this product. HP printing and imaging equipment marked with the ENERGY STAR® logo is qualified to the U.S. Environmental Protection Agency's ENERGY STAR specifications for imaging equipment. The following mark will appear on ENERGY STAR qualified imaging products:

Additional ENERGY STAR qualified imaging product model information is listed at:

www.hp.com/go/energystar

Paper use

This product's duplex feature (manual or automatic) and N-up printing (multiple pages printed on one page) capability can reduce paper usage and the resulting demands on natural resources.

Plastics

Plastic parts over 25 grams are marked according to international standards that enhance the ability to identify plastics for recycling purposes at the end of the product's life.

HP Neverstop printing supplies

Original HP Neverstop printing supplies were designed with the environment in mind. HP makes it easy to conserve resources and paper when printing. And when you are done, we make it easy and free to recycle.¹

All HP Toner Reload Kits and HP Laser Imaging Drums returned to HP Planet Partners go through a multiphase recycling process where materials are separated and refined for use as raw material in new Original HP Toner Reload Kits and HP Laser Imaging Drums and everyday products. No Original HP Toner Reload Kits and HP Laser Imaging Drums returned through HP Planet Partners are ever sent to a landfill, and HP never refills and resells Original HP Toner Reload Kits or HP Laser Imaging Drums.

To participate in HP Planet Partners return and recycling program, visit www.hp.com/recycle. Select your country/region for information on how to return HP printing supplies. Multi-lingual program information and instructions are also included in every new HP Toner Reload Kit and HP Laser Imaging Drum package.

¹ Program availability varies. For more information, visit www.hp.com/recycle.

Laser safety

The Center for Devices and Radiological Health (CDRH) of the U.S. Food and Drug Administration has implemented regulations for laser products manufactured since August 1, 1976. Compliance is mandatory for products marketed in the United States. The device is certified as a “Class 1” laser product under the U.S. Department of Health and Human Services (DHHS) Radiation Performance Standard according to the Radiation Control for Health and Safety Act of 1968. Since radiation emitted inside the device is completely confined within protective housings and external covers, the laser beam cannot escape during any phase of normal user operation.

 **WARNING!** Using controls, making adjustments, or performing procedures other than those specified in this user guide may result in exposure to hazardous radiation.
