If you are a consumer within the meaning of the Australia Consumer Law and you are purchasing the Software or warranty and support services for the Software which are not of a kind ordinarily acquired for personal, domestic or household use or consumption, then despite any other provision of this EULA, HP limits its liability for failure to comply with a consumer guarantee as follows:

New Zealand Consumers: In New Zealand, the Software comes with guarantees that cannot be excluded under the Consumer Guarantees Act 1993. In New Zealand, Consumer Transaction means a transaction involving a person who is purchasing goods for personal, domestic or household use or consumption and not for the purpose of a business. New Zealand consumers who are purchasing goods for personal, domestic or household use or consumption and not for the purpose of a business ("New Zealand Consumers") are entitled to repair, replacement or refund for a failure and compensation for other reasonably foreseeable loss or damage. A New Zealand Consumer (as defined above) may recover the costs of returning the product to the place of purchase if there is a breach of the New Zealand consumer law; furthermore, if it will be of significant cost to the New Zealand Consumer to return the goods to HP then HP will collect such goods at its own cost. Where any supply of products or services is for business

purposes, you agree that the Consumer Guarantees Act 1993 does not apply and that given the nature and value of the transaction, this is fair and reasonable.

Safety statements

Read all these instructions, and follow all instructions and warnings marked on the scanner.

- In this document, warnings, cautions and notes indicate the following:
 - **Warnings** must be followed carefully to avoid bodily injury
 - **Cautions** must be observed to avoid damage to your equipment
 - **Notes** contain important information and useful tips on the operation of this product
- Place the scanner close enough to the computer for the interface cable to reach it easily. Do not place or store the device or its AC adapter:
 - Outdoors
 - Near excessive dirt or dust, water, or heat sources
 - In locations subject to shocks, vibrations, high temperature or humidity, direct sunlight, strong light sources, or rapid changes in temperature or humidity

- Do not use the device with wet hands.
- Place the scanner and its AC adapter near an electrical outlet where the AC adapter can easily be unplugged.
-  **CAUTION:** Be sure the AC power cord meets the relevant local safety standards.
- Position the AC power cord in such a way to avoid abrasions, cuts, fraying, crimping, and kinking. Do not place objects on top of the AC power cord, and do not allow the AC adapter or the AC power cord to be stepped on or run over. Be particularly careful to keep the AC power cords straight at the ends, and at the point where they enter the AC adapter.
- The AC adapter is designed for use with the scanner with which it was included. Do not attempt to use it with other electronic devices unless specified.
- Use only the type of power source indicated on the product's label.
- When connecting this product to a computer or other device with a cable, ensure the correct orientation of the connectors. Each connector has only one correct orientation. Inserting a connector in the wrong orientation may damage both devices connected by the cable.
- Avoid using outlets on the same circuit as photocopiers or air control systems that regularly switch on and off.
- If you use an extension cord with the scanner, make sure the total ampere rating of the devices plugged into the extension cord does not exceed the cord's ampere rating. Also, make sure the total ampere rating of all devices plugged into the wall outlet does not exceed the wall outlet's ampere rating.
- Never disassemble, modify, or attempt to repair the AC adapter, scanner, or scanner option by yourself except as specifically explained in the scanner's guides.
- Do not insert objects into any opening, as they may touch dangerous voltage points or short-out components. Beware of electrical shock hazards.
- If damage occurs to the plug, replace the cord set or consult a qualified electrician. If there are fuses in the plug, make sure you replace them with fuses of the correct size and rating.
- Unplug the scanner and the AC adapter, and refer servicing to qualified service personnel under the following conditions:
 - The AC adapter or plug is damaged.
 - Liquid has entered the scanner or the AC adapter.
 - The scanner or the AC adapter has been dropped, or the case has been damaged.
 - The scanner or the AC adapter does not operate normally, or exhibits a distinct change in performance (do not adjust controls that are not covered by the operating instructions).
- Unplug the scanner and the AC adapter before cleaning. Clean with a damp cloth only. Do not use liquid or aerosol cleaners.
- If you are not going to use the scanner for a long period, unplug the AC adapter from the electrical outlet.
