### Here's how to use it...

#### Views:

On this page you will find thumbnail images of the top and bottom views of this product. To view a specific view in greater detail, simply click that view.

#### Zoomable View:

On the Zoomable View page, you will find the viewer's zoom navigation links above the viewer on the left-hand side. You can choose from four levels of magnification: 1x, 2x, 3x, and 4x.

**1x:** The default magnification is 1x and at this magnification you can view the location of a feature by selecting it from the numbered list on the left.

**2x, 3x, 4x:** When you choose a greater magnification level, you use the navigation arrows and numbered features list to focus on the feature that you wish to review.

**That's it! On every page there is a link that brings you back to either this Welcome page or the Views page, enabling you to navigate to whatever view you wish to review.**
