On the Zoomable View page, you will find the viewer's zoom navigation links above the viewer on the left-hand side. You can choose from four levels of magnification: 1x, 2x, 3x, and 4x.

1x: The default magnification is 1x and at this magnification you can view the location of a feature by selecting it from the numbered list on the left.

2x, 3x, 4x: When you choose a greater magnification level, you use the navigation arrows and numbered features list to focus on the feature that you wish to review.

That's it! On every page there is a link that brings you back to either this Welcome page or the Views page, enabling you to navigate to whatever view you wish to review.
