

Interactive BIOS simulator

HP EliteOne 800 G4 23.8 All-in-One Series

Welcome to the interactive BIOS simulator for the
HP EliteOne 800 G4 23.8 Touch, Non-touch, and Healthcare Edition AiO Desktop PCs

Here's how to use it...

[BIOS Utility Menus](#): (Click the link to navigate to the individual menus)

On this page you will find thumbnail images of each of the product's BIOS utility menus. To view a specific menu in greater detail, simply click that thumbnail. Just as in the live BIOS, on each menu, you can select the tab of each of the other utility menus to navigate directly to that menu.

Menu options:

While the menu options cannot be toggled, many of them offer item specific information about that option. To view this information, use the cursor to rollover the option and the information will present in a pane on the right of the BIOS screen.

That's it!

On every page there is a link that brings you back to either this [Welcome](#) page or the [BIOS Utility Menus](#) page enabling you to navigate to whatever BIOS option you wish to review.

Main Menu

Back to BIOS Utility Menus

The screenshot displays the HP BIOS Main Menu interface. At the top, there is a navigation bar with the following options: **Main** | Security | Advanced | UEFI Drivers. The **Main** option is currently selected. In the top right corner, the HP logo is visible, and below it, the text **HP computer setup** is displayed. A large, light blue rectangular area on the right side of the screen is labeled **Item Specific Help** at its top edge. At the bottom of the screen, there is a dark grey bar containing three buttons: **Save**, **Help**, and **Exit**.

System Diagnostics

Back to BIOS Utility Menus

The screenshot shows the HP PC Hardware Diagnostics UEFI interface. On the left is a blue vertical bar with the HP logo. The main area is white and contains the following text and elements:

- HP PC Hardware Diagnostics UEFI
- Version 6.6.2.0
- For more information, please visit: www.hp.com/go/techcenter/PCDiags
- A vertical list of menu items: System Information, System Tests, Component Tests, Test Logs, and Language (with a globe icon).
- A light blue rectangular area on the right with the title "Item Specific Help".
