

# Interactive BIOS simulator

## HP ENVY 13-ba0000 Laptop PC

Welcome to the interactive BIOS simulator for the  
HP ENVY 13-ba0000 Laptop PC

### Here's how to use it...

[BIOS Utility Menus](#): (Click the link to navigate to the individual menus)

On this page you will find thumbnail images of each of the product's BIOS utility menus. To view a specific menu in greater detail, simply click that thumbnail. Just as in the live BIOS, on each menu, you can select the tab of each of the other utility menus to navigate directly to that menu.

### Menu options:

While the menu options cannot be toggled, many of them offer item specific information about that option. To view this information, use the cursor to rollover the option and the information will present in a pane on the right of the BIOS screen.

### That's it!

**On every page there is a link that brings you back to either this [Welcome](#) page or the [BIOS Utility Menus](#) page enabling you to navigate to whatever BIOS option you wish to review.**

# UEFI HII Configuration

[Back to BIOS Utility Menus](#)

The screenshot shows a UEFI HII Configuration window with a blue header bar containing the word "Configuration". On the left side, there is a vertical blue bar with the HP logo. The main content area is light blue and contains the text "UEFI HII Configuration" and "▶ Intel(R) Rapid Storage Technology". On the right side, there is a vertical light blue bar with the text "Item Specific Help".
